

§ 352.21

the licensee for developing its offsite emergency response plan after an affirmative determination on the licensee certification under subpart A (44 CFR 352.5(f));

(b) Describes the process for providing Federal facilities and resources to the licensee after a determination under subpart A (44 CFR 352.6(d)) that Federal resources are required;

(c) Describes the principal response functions which Federal agencies may be called upon to provide;

(d) Describes the process for allocating responsibilities among Federal agencies for planning site-specific emergency response functions; and

(e) Provides for the participation of Federal agencies, including the members of the FRPCC and the RACs.

§ 352.21 Participating Federal agencies.

(a) FEMA may call upon any Federal agency to participate in planning for the use of Federal facilities and resources in the licensee offsite emergency response plan.

(b) FEMA may call upon the following agencies, and others as needed, to provide Federal technical assistance and Federal facilities and resources:

- (1) Department of Commerce;
- (2) Department of Defense;
- (3) Department of Energy;
- (4) Department of Health and Human Services;
- (5) Department of Housing and Urban Development;
- (6) Department of the Interior;
- (7) Department of Transportation;
- (8) Environmental Protection Agency;
- (9) Federal Communications Commission;
- (10) General Services Administration;
- (11) National Communications System;
- (12) Nuclear Regulatory Commission;
- (13) United States Department of Agriculture; and
- (14) Department of Veterans Affairs.

(c) FEMA is the Federal agency primarily responsible for coordinating Federal assistance. FEMA may enter into Memorandums of Understanding (MOU) and other instruments with Federal agencies to provide technical assistance and to arrange for the com-

44 CFR Ch. I (10–1–11 Edition)

mitment and utilization of Federal facilities and resources as necessary. FEMA also may use a MOU to delegate to another Federal agency, with the consent of that agency, any of the functions and duties assigned to FEMA. Following review and approval by OMB, FEMA will publish such documents in the FEDERAL REGISTER.

§ 352.22 Functions of the Federal Radiological Preparedness Coordinating Committee (FRPCC).

Under 44 CFR part 351, the role of the FRPCC is to assist FEMA in providing policy direction for the program of technical assistance to State and local governments in their radiological emergency planning and preparedness activities. Under this subpart, the role of the FRPCC is to provide advice to FEMA regarding Federal assistance and Federal facilities and resources for implementing subparts A and B of this part. This assistance activity is extended to licensees. The FRPCC will assist FEMA in revising the Federal Radiological Emergency Response Plan (FRERP).

§ 352.23 Functions of a Regional Assistance Committee (RAC).

(a) Under 44 CFR part 351, the role of a RAC is to assist State and local government officials to develop their radiological emergency plans, to review the plans, and to observe exercises to evaluate the plans. Under subparts A and B of this part, these technical assistance activities are extended to the licensee.

(b) Prior to a determination under subpart A (44 CFR 352.6(d)) that Federal facilities and resources are needed, the designated RAC for the specific site will assist the licensee, as necessary, in evaluating the need for Federal facilities and resources, in addition to providing technical assistance under § 352.23(a).

(c) In accomplishing the foregoing, the RAC will use the standards and evaluation criteria in NUREG-0654/FEMA-REP-1, Rev. 1 and Supp. 1.¹ or approved alternative approaches, and

§ 352.26

RAC members shall render such technical assistance as appropriate to their agency mission and expertise.

(d) Following determination under subpart A (44 CFR 352.6(d)) that Federal facilities and resources are needed, the RAC will assist FEMA in identifying agencies and specifying the Federal facilities and resources which the agencies are to provide.

§ 352.24 Provision of technical assistance and Federal facilities and resources.

(a) Under a determination under subpart A (44 CFR 352.5(f) and 352.4(e)) that a decline or fail situation exists, FEMA and other Federal agencies will provide technical assistance to the licensee. Such assistance may be provided during the pendency of an appeal under § 352.29.

(b) The applicable criteria for the use of Federal facilities and resources are set forth in subpart A (44 CFR 352.6(c)(1)(2)). Upon a determination under subpart A (44 CFR 352.6(d)) that Federal resources or facilities will be required, FEMA will consult with the FRPCC, the RAC, the individual Federal agencies, and the licensee, to determine the extent of Federal facilities and resources that the government could provide, and the most effective way to do so. After such consultation, FEMA will specifically request Federal agencies to provide those Federal facilities and resources. The Federal agencies, in turn, will respond to confirm the availability of such facilities and resources and provide estimates of their costs.

(c) FEMA will inform the licensee in writing of the Federal support which will be provided. This information will identify Federal agencies which are to be included in the plan, the extent and purpose of technical assistance to be provided and the Federal facilities and resources to be committed, and the limitations of their use. The information will also describe the requirements for reimbursement to the Federal Government for this support.

(d) FEMA will coordinate the Federal effort in implementing the determinations made under subpart A (44 CFR 352.5(f) and 352.6(d)) so that each Federal agency maintains the committed

technical assistance, facilities, and resources after the licensee offsite emergency response plan is completed. FEMA and other Federal agencies will participate in training, exercises, and drills, in support of the licensee offsite emergency response plan.

(e) In carrying out paragraphs (a) through (c) of this section, FEMA will keep affected State and local governments informed of actions taken.

[54 FR 31925, Aug. 2, 1989, as amended at 74 FR 15357, Apr. 3, 2009]

§ 352.25 Limitation on committing Federal facilities and resources for emergency preparedness.

(a) The commitment of Federal facilities and resources will be made through the authority of the affected Federal agencies.

(b) In implementing a determination under subpart A (44 CFR 352.6(d)), that Federal facilities and resources are necessary for emergency preparedness, FEMA shall take care not to supplant State and local resources. Federal facilities and resources shall be substituted for those of the State and local governments in the licensee offsite emergency response plan only to the extent necessary to compensate for the nonparticipation or inadequate participation of those governments, and only as a last resort after consultation with the Governor(s) and responsible local officials in the affected area(s) regarding State and local participation.

(c) All Federal planning activities described in this subpart will be conducted under the assumption that, in the event of an actual radiological emergency or disaster, State and local authorities would contribute their full resources and exercise their authorities in accordance with their duties to protect the public from harm and would act, generally, in conformity with the licensee's offsite emergency response plan.

§ 352.26 Arrangements for Federal response in the licensee offsite emergency response plan.

Federal agencies may be called upon to assist the licensee in developing a licensee offsite emergency response plan in areas such as:
